INSTALLATION

Customer Information: The information in this installation instruction is intended for use only by skilled technicians who have the proper tools, equipment, and training to correctly and safely add equipment to your vehicle. These procedures should not be attempted by "do-it-yourselfers."

1. Disconnect the negative cable from the battery, then wait at least 3 minutes before starting work.
2. Remove the lens.

Germain Honda of College Hills

3. Remove the bulb.

4. Plug the left light 2-pin connector into the vehicle 2-pin connector, and install the left light to the left front door panel.
NOTE: Make sure to check the identification mark before installation.

5. Repeat steps 2 through 4 on the right front door panel.

6. Check that all wire harnesses are routed properly and all connectors are plugged in.
7. Connect the negative cable to the battery.
8. Press and hold the audio unit power button for 2 seconds to restore the audio and navi (if equipped) system functions.
9. Set the clock on vehicles without navigation.
10. If necessary, restore the systems back to normal operation as described in the service information.

Check the Operation of the Pattern Projectors

11. Make sure the light comes on when you open each front door.
