A Few Words About Safety

Your safety, and the safety of others, is very important. Operating your vehicle's accessory safely is an important responsibility.

To help you make informed decisions about safety, we have provided operating procedures and other information on labels in the vehicle owner's manual and in this manual. This information alerts you to potential hazards that could hurt you or others.

Of course, it is not practical or possible to warn you about all the hazards associated with operating or maintaining your vehicle. You must use your own good judgment.

For your safety and safety of others, pay special attention to all warning symbols. Failure to follow the warnings contained in this manual can result in damage to your vehicle, serious injury, or death.
