## FOR YOUR SAFETY (Read carefully.)

### Warning Symbols

**Safety:** Your safety, and the safety of others, is important. To help you make informed decisions about service procedures, we have provided safety messages where appropriate. Of course, it is not practical or possible to warn you about all the hazards associated with servicing a vehicle - you must use your own good judgment.

You will find important safety messages preceded by one of following symbols:

\*All symbols are not used in all installation instructions.

#### **DANGER**

You will be killed or seriously hurt if you do not follow the instructions.

#### **WARNING**

You can be killed or seriously hurt if you do not follow the instructions.

#### **CAUTION**

You can be hurt if you do not follow the instructions.

#### **NOTICE**

Gives advice to prevent damage to the product, vehicle, the environment or other property.

#### **NOTE**

Gives helpful information or instructions to be followed when installing this product.

# Germain Honda of College Hills

5. Position the roof carriers.

## NOTE

Make sure to check the labels before installation.

6. Loosely tighten the socket bolts.

7. Secure the roof carriers.

# Germain Honda of College Hills

## NOTE

- Make sure that there are no gaps between the roof and cushions.
- Tighten the left and right socket bolts alternately to evenly distribute the pressure.
- Tighten the left and right socket bolts until you hear a clicking sound.

8. Ensure the roof carriers are firmly secured.

## NOTE

- Make sure that there are no gaps between the roof and cushions.
- Rock the roof carriers in all directions to check if they are installed securely without play or rattle.
- If the roof carriers have abnormal play or rattle, retighten the socket bolts, or reinstall the roof carriers as described in these installation instructions.

9. Install the covers.

## NOTE

Make sure to check the identification marks before installation.
